

Vesta Payment Guarantee For VTEX™ – User Guide

Vesta Payment Guarantee for VTEX

About the App

Vesta's VTEX app is a fraud prevention solution for card-not-present transactions that guarantees your revenue against losses from fraud, enabling you to accept more orders and reduce operational costs. The solution evaluates each order for fraud risk in real-time and notifies you when it is safe to approve. Each safe transaction is backed by a guarantee, so, if you later receive a fraud chargeback, Vesta pays you for the cost of the chargeback and associated fees. This guide will show you how to onboard and configure Vesta Payment Guarantee for VTEX, allowing you to start approving more orders in a matter of minutes.

Vesta's VTEX private app (manual) integration is designed to connect a VTEX store to the Vesta Payment Guarantee anti-fraud app while we await certification from VTEX. This document will explain how to install the app, configure the app settings, and onboard to the Vesta Console.

Pre-Authorization

Vesta Payment Guarantee for VTEX leverages pre-authorization to determine order fraud before submitting the transaction to your gateway for approval. Any order that is deemed safe by Vesta will be automatically Approved, and any that are considered risky will be automatically cancelled.

Vesta Payment Guarantee for VTEX - Installation

To install and configure Vesta Payment Guarantee for VTEX follow the instructions below. If any issues or errors occur, please contact Support@vesta.io. These installation steps are the same regardless of your operating system, the only difference being that you will follow the steps via a command line or terminal entries.

Step 1 – Log In

Locate the account where you want to perform the installation. Where it says ‘vestapartnermx’ please enter the VTEX store where you would like to install our app.

```
vtex login vestapartnermx
```

To verify you are logged in perform the ‘who am I’ command.

```
vtex whoami
```

Vesta Payment Guarantee for VTEX - Installation

Prerequisites

- You must have an active instance of VTEX IO. If you have not installed the VTEX platform, please refer to the link below.
- You must be a customer of VTEX. All instructions in this document assume you have a relationship with VTEX prior to beginning. An Owner role type is usually used for this type of configuration, if you have a custom role, it must have Master access to complete the entries.
- Basic knowledge of the use of the command line entries for your operating system.

Reference: <https://developers.vtex.com/vtex-developer-docs/docs/vtex-io-documentation-vtex-io-cli-installation-and-command-reference>

Vesta Payment Guarantee for VTEX - Installation

To install and configure Vesta Payment Guarantee for VTEX follow the instructions below. If any issues or errors occur, please contact Support@vesta.io. These installation steps are the same regardless of your operating system, the only difference being that you will follow the steps via a command line or terminal entries.

Step 2 – View a List of Installed Apps

Display a list of your installed VTEX apps and confirm you do not already have the app installed. If `vestapartnermx` appears in your list of apps, please refer to VTEX's [common command guide](#) for uninstalling apps.

```
vtex ls
```

Vesta Payment Guarantee for VTEX - Installation

To install and configure Vesta Payment Guarantee for VTEX follow the instructions below. If any issues or errors occur, please contact Support@vesta.io. These installation steps are the same regardless of your operating system, the only difference being that you will follow the steps via a command line or terminal entries.

Step 3 – View a List of Installed Apps

To proceed, an Owner role type is required. If you haven't already logged in to VTEX, you will be prompted to do so, and a browser window will open for you to input your login information.

```
vtex use master
```

Vesta Payment Guarantee for VTEX - Installation

To install and configure Vesta Payment Guarantee for VTEX follow the instructions below. If any issues or errors occur, please contact Support@vesta.io. These installation steps are the same regardless of your operating system, the only difference being that you will follow the steps via a command line or terminal entries.

Step 4 – View a List of Installed Apps

Once you have switched to a master user you are ready to install the Vesta app and components needed to communicate to VTEX properly.

```
vtex install vestapartnermx.data-update-service  
vtex install vestapartnermx.vesta-components
```

The Pixel app is a VTEX IO app that natively integrates your store with a third-party solution. When installed in your VTEX account, the Pixel app adds scripts to your store website pages (and sometimes even some JavaScript configuration), so that the app you are integrating can accomplish its objective.

Vesta Payment Guarantee for VTEX - Installation

To install and configure Vesta Payment Guarantee for VTEX follow the instructions below. If any issues or errors occur, please contact Support@vesta.io. These installation steps are the same regardless of your operating system, the only difference being that you will follow the steps via a command line or terminal entries.

Step 5 – Verify

Display a list of your installed VTEX apps and confirm you can see the app and components installed.

```
vtex ls
```

You should see the following versions in the list:

vestapartnermx.data-update-service: v1.0.11

vestapartnermx.vesta-components: v1.0.10

Now that you have the Vesta Payment Guarantee app for VTEX and components installed, you will configure the Vesta app as an Antifraud provider.

Vesta Payment Guarantee for VTEX - Configuration

Perform the following steps to set up the Vesta app as an Antifraud provider by setting up application keys, adding Vesta as a Gateway Affiliation to use our app as a Payment Condition.

Create Vesta for Payment Guarantee API Keys

Navigate to Apps > Installed Apps > Application keys to create new API credentials for the Vesta antifraud app.

If you have not already, follow these steps to generate a new key you will use to authenticate the Vesta app.

- Select “Manage My Keys” button and select “Generate New” from the application keys page.
- Add a label that you will recognize as credentials for the Vesta app.
- Choose the role type that has access to this key. If you are not selecting an Owner role type, please see the next page for the necessary permissions.
- Save the form and you will be presented with the ‘vestapartnermx’ application key and token.

! IMPORTANT !

The secret token will be displayed *one time* when setting up the application keys. Save it in a safe place or a new key will need to be generated and may affect your implementation.

Vesta Payment Guarantee for VTEX - Configuration

Perform the following steps to set up the Vesta app as an Antifraud provider by setting up application keys, adding Vesta as a Gateway Affiliation to use our app as a Payment Condition.

Create Vesta for Payment Guarantee API Keys

Once you have saved the application keys it will appear in the list of your 3rd Party Keys. If you have not set the status of the key to active, please do so now. If you did not need to generate new keys and would like to use existing ones, you can add the keys by selecting “Add 3rd Party Keys” and follow the same steps to apply the role type and activate the key as previously mentioned.

Use of the Owner role is advised when creating this key. If you would like to apply a custom role, make sure it has access to the following APIs:

- Promotions API (coupons, promotions)
- Shipping API
- Transactions API
- Order Form
- Billing API
- Orders API

Vesta Payment Guarantee for VTEX - Configuration

Perform the following steps to set up the Vesta app as an Antifraud provider by setting up application keys, adding Vesta as a Gateway Affiliation to use our app as a Payment Condition.

Configure the Vesta Application and Set Up Vesta Console Access

After you have set up your application keys, navigate to VESTA in the installed apps section of the VTEX Admin.

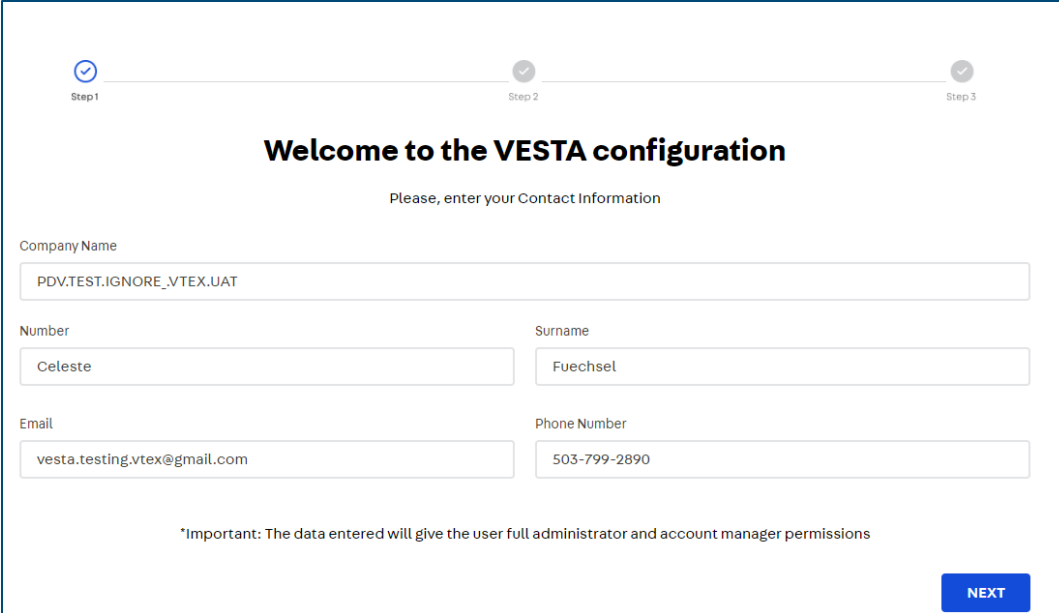

- You will be asked to fill in contact and store details which will be used to create the Vesta Console account.
- If you would like to onboard multiple stores to one Vesta Console account, please use the same email address when installing the app on your VTEX store. If you have different email addresses per store you will be required to perform onboarding individual Vesta Console Accounts.

Vesta Payment Guarantee for VTEX - Configuration

Perform the following steps to set up the Vesta app as an Antifraud provider by setting up application keys, adding Vesta as a Gateway Affiliation to use our app as a Payment Condition.

Configure the Vesta Application and Set Up Vesta Console Access

Fill out the forms with the required information. These same details will be used to create your Vesta Console account, where you will be able to see more information regarding our fraud analysis on the Orders page.

The screenshot shows a three-step configuration process. Step 1 is active, Step 2 is completed, and Step 3 is pending. The main heading is "Welcome to the VESTA configuration" with a sub-heading "Please, enter your Contact Information". The form contains the following fields:

- Company Name: PDV.TEST.IGNORE_VTEX.UAT
- Number: Celeste
- Surname: Fuechsel
- Email: vesta.testing.vtex@gmail.com
- Phone Number: 503-799-2890

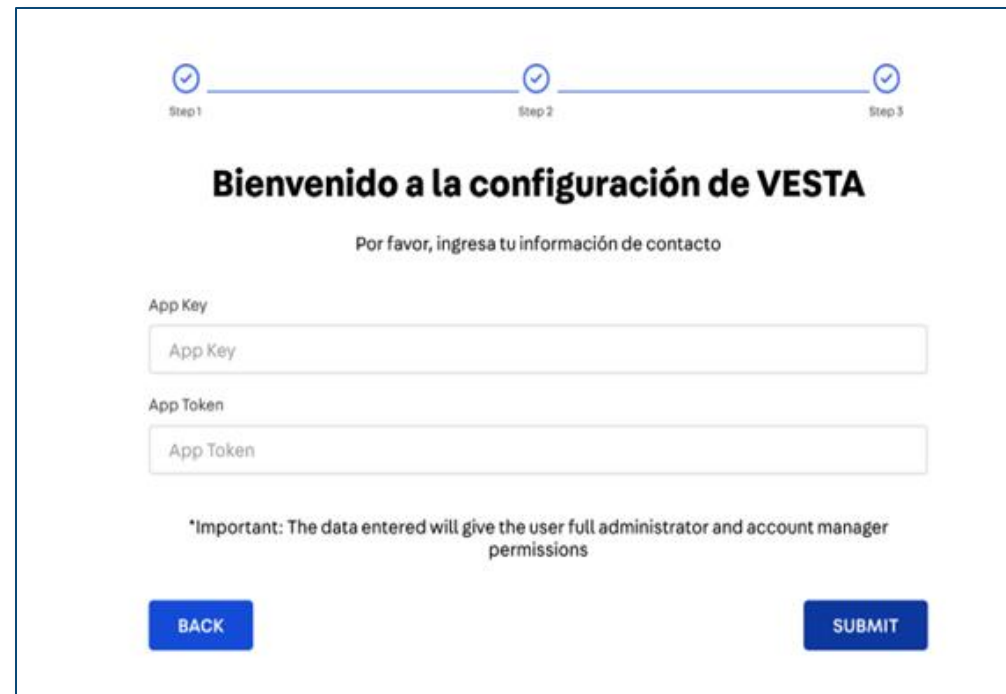

A note at the bottom states: "*Important: The data entered will give the user full administrator and account manager permissions". A blue "NEXT" button is located at the bottom right.

Vesta Payment Guarantee for VTEX - Configuration

Perform the following steps to set up the Vesta app as an Antifraud provider by setting up application keys, adding Vesta as a Gateway Affiliation to use our app as a Payment Condition.

Add the Application Keys

Next you will provide the application key and token you created in the previous steps. Once you select Submit your Vesta Console Account will be created and an e-mail with your credentials will be sent to the address given.

The screenshot shows a three-step progress bar at the top, with Step 1, Step 2, and Step 3 all marked with checkmarks. Below the progress bar, the heading reads "Bienvenido a la configuración de VESTA". Underneath, it says "Por favor, ingresa tu información de contacto". There are two input fields: "App Key" and "App Token", each with a placeholder text of the same name. Below the input fields, a note states: "*Important: The data entered will give the user full administrator and account manager permissions". At the bottom, there are two buttons: "BACK" on the left and "SUBMIT" on the right.

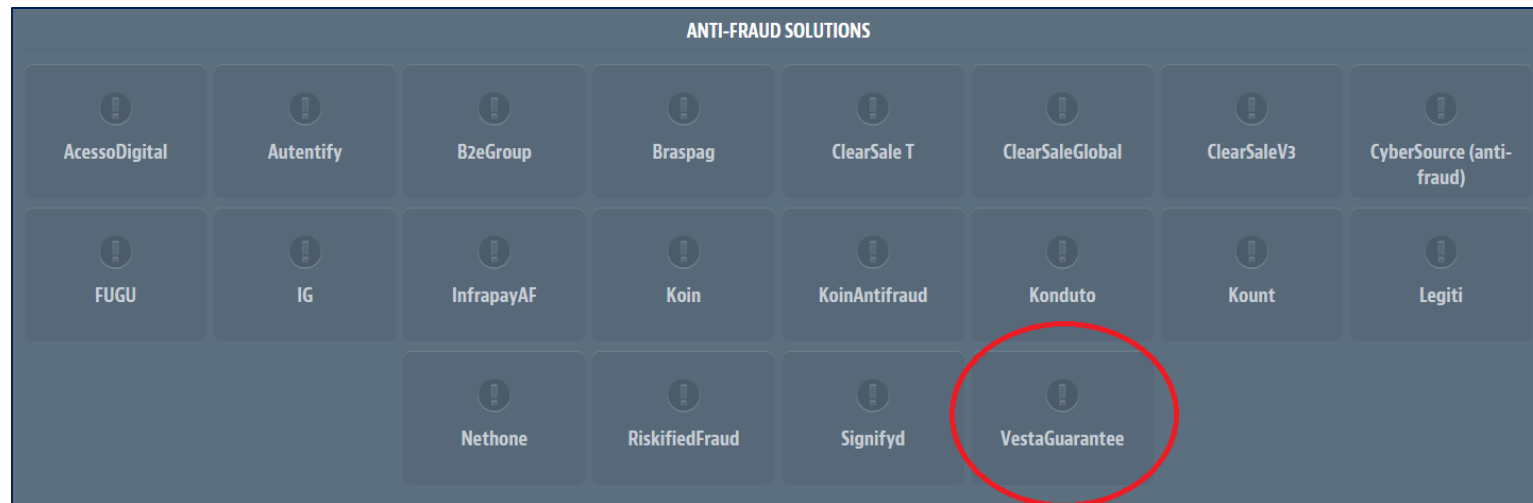

Vesta Payment Guarantee for VTEX – Gateway Affiliation

Perform the following steps to set up the Vesta app as an Antifraud provider by setting up application keys, adding Vesta as a Gateway Affiliation to use our app as a Payment Condition.

Create and Activate a Vesta Gateway Affiliation

Navigate to Settings > Payments > Gateway Affiliations to create new API credentials for the Vesta antifraud app to activate and configure the Vesta Payment Guarantee as your antifraud solution.

- From the Gateway Affiliations tab select the “+” sign to add Vesta Payment Guarantee
- Select Vesta Guarantee from the List

Vesta Payment Guarantee for VTEX – Gateway Affiliation

Perform the following steps to set up the Vesta app as an Antifraud provider by setting up application keys, adding Vesta as a Gateway Affiliation to use our app as a Payment Condition.

Create and Activate a Vesta Gateway Affiliation

In the following section, we will show you how to activate and configure the Vesta Payment Guarantee app using the same keys you just created. You must assign a unique name to this new affiliation. We suggest keeping it as “**VestaGuarantee.**” In the **Configure data from VestaGuarantee** by removing “New configuration”. You must enter the information provided on the next page. Make sure your toggle is on ‘live/production’ as Vesta does not have a public sandbox.

Vesta Payment Guarantee for VTEX – Gateway Affiliation

Vesta Payment Guarantee for VTEX – Payment Conditions

Perform the following steps to set up the Vesta app as an Antifraud provider by setting up application keys, adding Vesta as a Gateway Affiliation to use our app as a Payment Condition.

Enable Vesta as a Payment Condition

Navigate to Settings > Payments > Payment Conditions to associate our app for all payment methods. You may add a new Payment Condition or apply VestaGuarantee to existing Payment Conditions.

- To add a new condition, select the “+” sign and select the payment method you would like to add.
- Select your payment processor for this method and check “Use antifraud solution”. Then, select VestaGuarantee from the dropdown.
- Be sure to set the status to active.
- You may add special conditions at this time and name the entry accordingly.
- If you are modifying an existing method, enable the antifraud checkbox and select VestaGuarantee.

The screenshot shows the 'Payment Conditions' interface for 'Mastercard'. At the top, the breadcrumb 'Payment Conditions > Mastercard' is visible. Below this, the 'Status' is set to 'Active' with a green toggle switch. The 'Process with affiliation:' dropdown menu is set to 'StripeConnector'. The 'Use anti-fraud solution:' checkbox is checked, and the dropdown menu below it is set to 'VestaGuarantee'.

Vesta Payment Guarantee for VTEX – Installation Complete

Congratulations!

You have completed the installation and configuration of the Vesta Payment Guarantee App for VTEX. We suggest you complete all the previous steps in order, then you will be able to start sending Vesta your orders for fraud analysis. When you have completed Configure the Vesta the Application and Set Up Vesta Console Access step you will receive an email from us containing your Vesta Console login credentials. The login and password information will be provided, and you will be able to access all the Vesta Console features for VTEX. The onboarding process is quick and simple. By following the directions below, you will be able to approve more orders in minutes.

Vesta Payment Guarantee for VTEX - Registration and Login

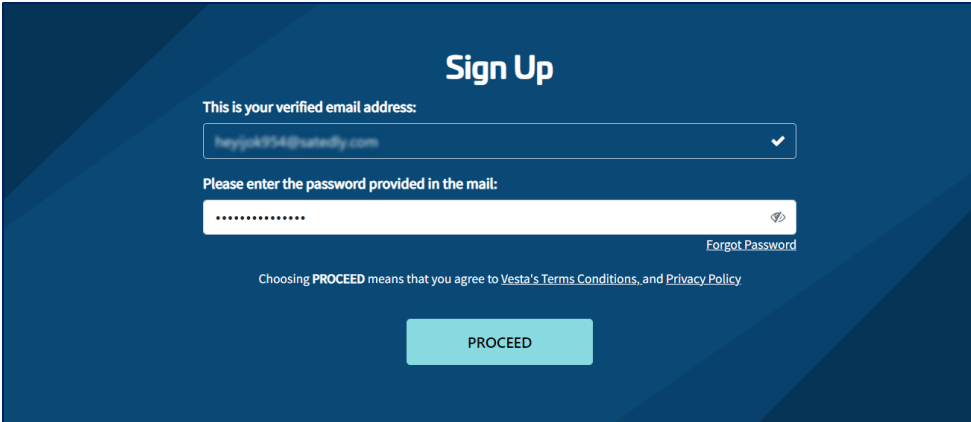

Once Vesta's app is installed, you will be automatically registered for access to the Vesta Console. You will receive an email with your login credentials to complete the sign-up process.

Log In

You will be provided with a temporary password that you can change via the Account Management > My Account page in the Vesta Console. The registration email will provide a link to log in and accept the Vesta terms when you proceed.

If you are adding an additional store to your existing Vesta account, you will be redirected to our portal login rather than the sign-up page. Use your existing Vesta credentials to log in and you will be taken to the Vesta Console Dashboard where you will see multiple shops associated with a single Vesta account.

If you are having any trouble with your installation or registration, please contact support at support@vesta.io or call 1-888-208-6232.

The screenshot shows a 'Sign Up' form on a dark blue background. At the top, it says 'Sign Up'. Below that, there is a field for 'This is your verified email address:' containing 'heyjok9754@vesta.io'. Underneath is a password field with the instruction 'Please enter the password provided in the mail:' and a 'Forgot Password' link. At the bottom, there is a 'PROCEED' button and a small disclaimer: 'Choosing PROCEED means that you agree to Vesta's Terms Conditions, and Privacy Policy'.

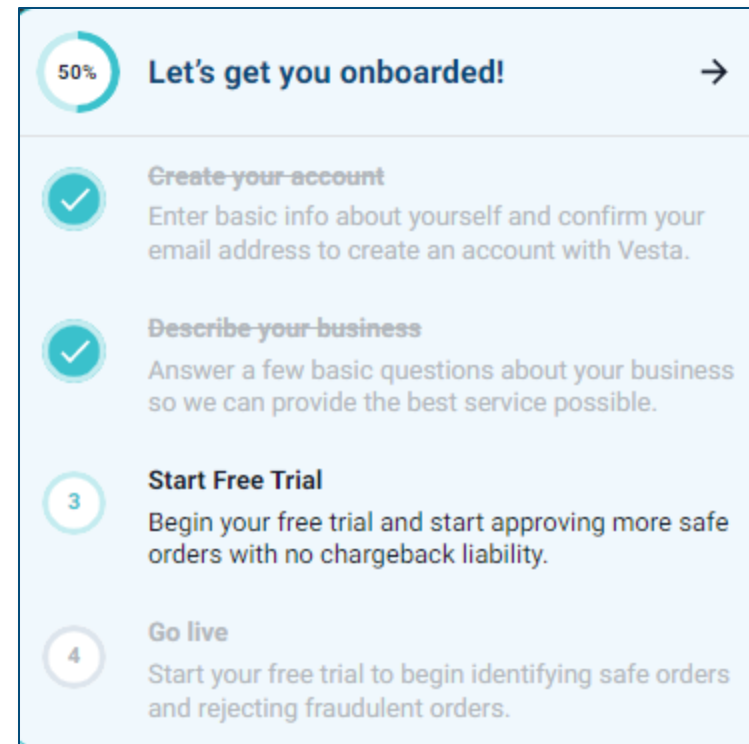

Vesta Payment Guarantee for VTEX - Onboarding

When you have access to the Vesta Console, you will be able to explore the available features. You may start the 30-Day Free Trial within minutes after providing some basic details about your VTEX store.

Guided Onboarding

You will notice a persistent onboarding panel that will allow you to onboard easily within a few minutes. As you progress through the steps, the panel will show the tasks that you have completed. Each step must be completed before moving on to the next step. Once you begin your free trial the panel will not display until the end of the 30 days.

We will ask you for some basic details about your company, and once you've accepted the pricing and billing terms on the final step your account set up is complete.

The screenshot shows a light blue onboarding panel with a progress indicator at the top left showing 50% completion. The title is "Let's get you onboarded!" with a right-pointing arrow. Below the title are four steps, each with a circular icon and a description:

- Create your account**: Enter basic info about yourself and confirm your email address to create an account with Vesta. (Icon: checkmark)
- Describe your business**: Answer a few basic questions about your business so we can provide the best service possible. (Icon: checkmark)
- Start Free Trial**: Begin your free trial and start approving more safe orders with no chargeback liability. (Icon: number 3)
- Go live**: Start your free trial to begin identifying safe orders and rejecting fraudulent orders. (Icon: number 4)

Vesta Payment Guarantee for VTEX – Onboarding

Contact and billing Information, your shop's verticals, and your payment provider are all that are needed to complete onboarding.

Basic Information

Once onboarding is complete you will find this information in your Account Management profile. If your VTEX store is based in Mexico, we will ask for additional information including your billing address, contact information, and your Tax ID (RFC). This allows Vesta to present an invoice that meets Mexico's e-invoicing standards.

←

Basic Information

This is what we know about you so far.
Ensure that the information below is accurate and add any information that is missing. We use this information in our risk analysis, so it is important to make sure it is correct.

- Your RFC is **VPS100716CK9** and your Regimen Fiscal is **601**
- Your Billing Address is **Privada Sierra Santa Rosa #49B 45, Miguel Hidalgo, Mexico City, México, Mexico, 11650**
- Your Billing Currency is **USD**
- Your Billing Name is **Vesta Corporation**
- Your Billing Phone Number is **+15035551212**
- Your Billing E-mail address is **kejosap847@lieboe.com**

Vesta Payment Guarantee for VTEX – Free Trial

The Vesta Payment Guarantee for VTEX Free Trial is 30 Days. Please take advantage of this opportunity to become more familiar with Vesta Payment Guarantee features so you can begin accepting more VTEX orders without having to worry about chargeback liability.

Free Trial

You will get the opportunity to explore Vesta features during the free trial period before paying for our services. This phase will allow you to evaluate our billing agreement, which you will agree to in the final step of onboarding. The pop-up window will be hidden during your free trial but will reappear after it is over so you may agree to price and acknowledge our terms and conditions.

Start your Free Trial now!

- ✔ Improve Order Assessment
- ✔ Machine Learning & Link Analysis
- ✔ Data Consortium
- ✔ Black/ White Listing
- ✔ Alert Management Portal

Payment Guarantee for Shopify ×

To begin your 30 Day Free Trial and start approving more safe orders, please view the Payment Guarantee terms and conditions at the link below. Once the free trial begins, we'll immediately display the results of our risk analysis on your Shopify orders.

During this free trial Vesta Sales specialists will evaluate the specifics of your store to determine the most effective pricing to eliminate chargeback liability. After your trial period has ended, you will be presented with your subscription and/or usage cost and prompted to agree to the Vesta terms and conditions.

Please read the [Billing Agreement](#). You will be asked to acknowledge your acceptance of the pricing, terms and conditions at the end of the free trial.

START FREE TRIAL

Take a Tour

If at any time you would like to tour the Vesta Console features, you can view a guide for the page you are on by using the icon in the upper right of the dashboard navigation.

Vesta Payment Guarantee for VTEX – Go Live

The final step in onboarding will show you the benefits, pricing and terms for Payment Guarantee for VTEX.

Vesta Pricing

Based on the type of business you own, or the products you sell, Vesta will determine the best pricing to meet your needs. These contractual specifics, pricing and terms, will be presented during the last stage of the onboarding process. Once you have confirmed that the contract terms and pricing are what you anticipated, you may complete setting up your account.

Go Live

Once your free trial is over the onboarding panel will appear again with the Go Live step highlighted.

In the upper right corner, you will see the pricing details. Depending on your business, this pricing will be per month, per order, or both. Please read the terms and conditions of the billing contract for important information. You must agree to these terms to proceed and if you do not complete onboarding your account may be disabled.

Ready to Go Live!

- ✓ Improve Order Assessment
- ✓ Machine Learning & Link Analysis
- ✓ Data Consortium
- ✓ Black/ White Listing
- ✓ Alert Management Portal

Payment Guarantee for Shopify Each approved order will be charged at the rate of .8%

Please review your pricing and accept the terms and conditions to continue approving more safe orders. You will be directed to Shopify to approve the subscription costs above. If you do not allow Shopify to deduct these amounts from your account Vesta may disable fraud protection for your store.

To accept our recommendations automatically, follow the instructions in [Risk Management > Auto Accept/Decline](#) after you click Approve Subscription!

I agree to the quoted price and terms and conditions of the [Billing Contract](#)

APPROVE SUBSCRIPTION

Vesta Payment Guarantee for VTEX – Dashboard

The Vesta Console Dashboard provides an overview of your revenue and order performance, as well as important billing reminders.

Dashboard - Reports

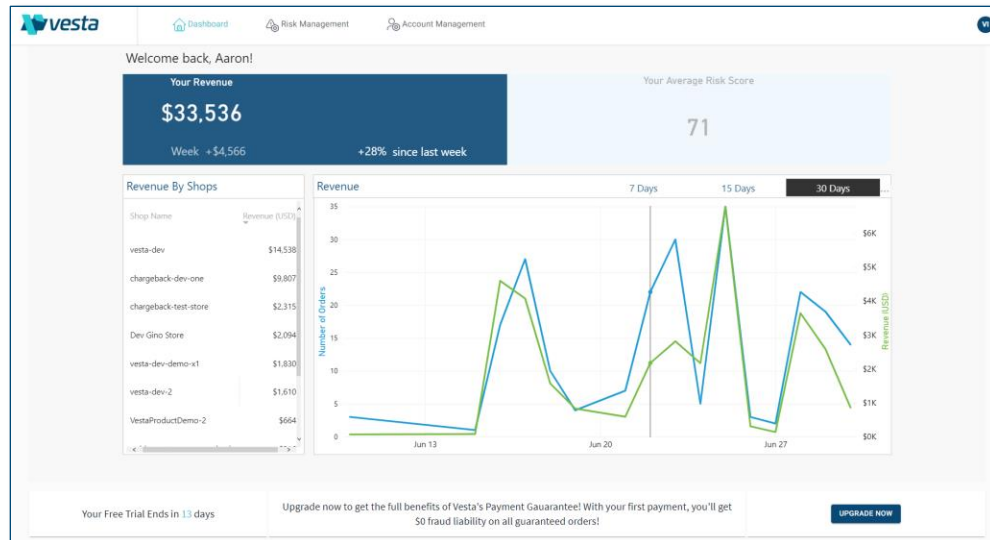

You can analyze data for your orders based on revenue or count on the Vesta Console dashboard. Please bear in mind that if you have just onboarded and started placing orders, it may take up to 30 minutes to view this data on the dashboard.

Dashboard - Reminders

Important information regarding your Free Trial and Invoices will appear on the Dashboard.

Your Free Trial Ends in 13 days

Enjoy your free trial. This is your opportunity to discover our features and review fraud protection analysis prior to being billed for your first invoice.

Vesta Payment Guarantee for VTEX – Account Management

The business details entered during the onboarding process are available in the Business Profile under Account Management.

Business Profile

You may view your basic information, billing options, invoices, and the pricing information you approved during onboarding in the account management page. Because only contact information in a profile is not editable, please contact Vesta Support if you need to make changes.

To offboard from the Vesta Console, you must contact us. If you do not have your Vesta account disabled, you will continue to be invoiced within our finance system. Uninstalling does not end the billing agreement with Vesta. Detailed information for this agreement is available in the final onboarding step, and you will be asked to acknowledge that you accept these terms.

The screenshot displays the Vesta Business Profile interface. At the top left is the Vesta logo. The main content area is divided into two columns of key-value pairs:

Business Name Vesta Payment Guarantee	Email Id vesta.testing.vtex@gmail.com	Vertical Travel Tickets	Integration Type VTEX
Located in 442 Mexico City, Mexico, Mexico	Contact Phone 5037992890	Product Choice Payment Guarantee for VTEX	Registered on 2023-06-29

Below this is a navigation bar with 'Configure', 'Billing', and 'Product' tabs. The 'Configure' tab is active, showing a 'Basic Info' section with dropdown menus for 'Business Vertical' (Travel Tickets), 'Business Sub Vertical' (Boat), and 'Payment Processor' (Stripe), and a text field for 'Domain Name' (vestapartnermx.myvtex.com). To the right is a 'Contract Details' section showing 'Last uploaded file 2023-06-29 9:21 PM' and a link to 'PDV TEST IGNORE VTEX UAT_contract'. A 'Billing Information' link is visible in the top right corner of the profile area.

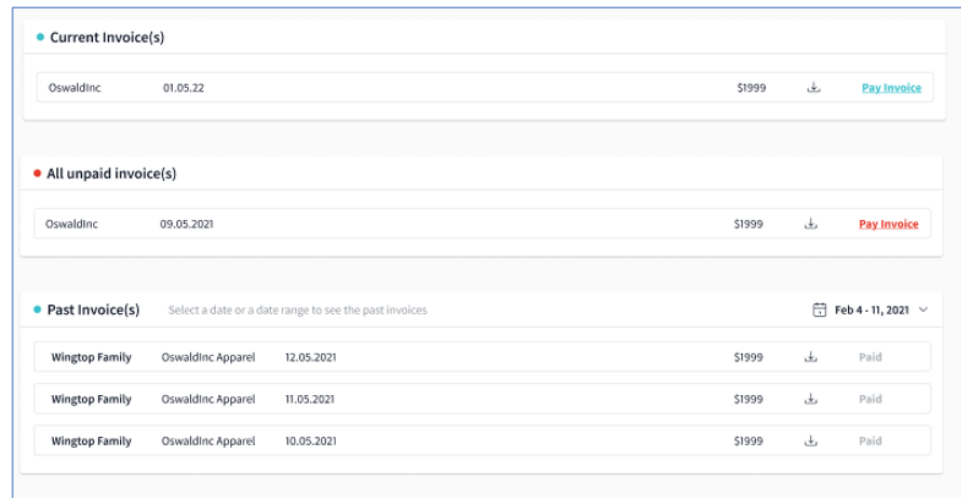

Vesta Payment Guarantee for VTEX – Account Management

Business and finance owners may access and download invoices in the Account Management Billing profile.

Invoices

By default, you will see your current and unpaid invoices. You may search for past invoices by using the calendar picker and providing a single date or range to display the invoices meeting those criteria. Invoices will provide the subscription amount, any usage charges that may occur, and the total due.

Vesta's Payment Guarantee for VTEX charges are billed monthly. If you have a subscription rate, you will be billed at the beginning of the month. If you have a per order rate you will be billed at the end of the 30-day cycle. In the case of both, a subscription fee and per order rate you will be billed at the end of the month. Invoices will be issued monthly and require check or wire transfer payments. Payment instructions can be found the invoice.

The screenshot displays the 'Current Invoice(s)' section with one invoice from OswaldInc for \$1999, dated 01.05.22, with a 'Pay Invoice' button. Below it is the 'All unpaid invoice(s)' section with one invoice from OswaldInc for \$1999, dated 09.05.2021, with a 'Pay Invoice' button. The 'Past Invoice(s)' section includes a date range picker set to 'Feb 4 - 11, 2021' and a table of three past invoices from Wingtop Family, OswaldInc Apparel, for \$1999 each, dated 12.05.2021, 11.05.2021, and 10.05.2021, all marked as 'Paid'.

Section	Invoice From	Invoice To	Amount	Status	Action
Current Invoice(s)	OswaldInc	01.05.22	\$1999	Unpaid	Pay Invoice
All unpaid invoice(s)	OswaldInc	09.05.2021	\$1999	Unpaid	Pay Invoice
Past Invoice(s)	Wingtop Family	OswaldInc Apparel	\$1999	Paid	
Past Invoice(s)	Wingtop Family	OswaldInc Apparel	\$1999	Paid	
Past Invoice(s)	Wingtop Family	OswaldInc Apparel	\$1999	Paid	

Mexico E-Invoices

If your store is based in Mexico, Vesta will ask you for additional information during onboarding such as your RFC number and applicable tax codes. We will then present a CFDI-formatted invoice that will be accepted by the Mexico tax authorities. Please keep in mind that Vesta is required by law to apply VAT to all invoices for customers located in Mexico.

Vesta Payment Guarantee for VTEX – Risk Management

The Risk Management menu takes you to the Orders page, which shows all recently processed transactions with status and other important data.

Vesta Orders

Vesta suggests viewing orders in our console to get the full details of our risk analysis results and key insights. You will be given far more information about the order and how we arrived at our decision status than if you viewed the same order in VTEX.

If Vesta guarantees an order the payment will be captured as approved. If Vesta does not guarantee an order and the order will be canceled, and the product restocked. We do not presently offer manual order approval. There is no need to refund a risky order, as it will be cancelled at the time of authorization.

The screenshot displays the Vesta Risk Management console for a specific order. At the top, a 'Risk Score' bar indicates a 'Guaranteed' status. Below this, the 'Reasons (20)' section lists various risk factors, such as 'Billing Name & Address (4)', 'Shipping Name & Address (2)', and 'Others (2)'. The 'Attributes' section shows the purchaser's email as 'a.mel11@vesta111@gmail.com'. The 'Billing and Shipping Details' section provides the billing address (01000 Ciudad 01000 MX - 11890 MX) and shipping address (01000 Ciudad 01000 MX - 11890 MX). A map at the bottom shows the location of the order in Mexico. The 'Shopping Cart' section on the right shows a 'Prod Test' item for a price of MXN 15.00. The 'Payment Device and Auth' section shows a credit card payment method with a card number of 400000****0259.

Test Orders

To send test orders, you may put your VTEX Payments into sandbox mode, and we will still apply our fraud analysis.

Vesta Payment Guarantee for VTEX – Risk Management

Customization to your safe or risky consumers can be made by adding a Positive or Negative record using a large selection of values.

Positive/Negative Lists

To further customize your order protection, you may create a positive or negative rule that will be taken into consideration as part of our fraud analysis.

If you have a customer that fails fraud checks on a regular basis, but you know they are a legitimate customer, you can add their information to the positive list. This allows our models to consider favorable input when making our decision. In addition, if you know of any fraudulent customers and would like to add them to the negative entry list, Vesta will decline the order regardless of fraud check rules that apply to that purchaser's order. If a positive or negative entry applies to the order, you will see this information in the order summary.

The screenshot displays the Vesta Risk Management interface. The main view is a table with columns: Key & Value, Affected Customers, Expiry Date, Notes, Created By, and Created On. The table contains several entries, each with a red checkmark icon in the rightmost column. An 'Add New Entry' modal form is overlaid on the table. The modal has the following fields:

- Keys: Search dropdown, Value: Enter text input
- Customer: Search dropdown
- Expiry Date: Choose date picker
- Notes: Start typing here... text area

At the bottom of the modal are 'CANCEL' and 'CREATE' buttons.

Vesta Payment Guarantee for VTEX

Approve More Orders

Now that you've finished installing and configuring Vesta Payment Guarantee for VTEX, you can start accepting more orders and boosting your revenue. If you require assistance at any time, please contact support@vesta.io.
